## **NICOLAS BARRE & DOMINIQUE DE SEUX AND JEAN LOUIS ETIENNE ANIMATE THE PRESS CONF**

### **BEFORE THE 180 HAPPY FEW GUESTS**

Paris, Washington DC, 02.12.2019, 03:11 Time

**USPA NEWS** - "The implementation of this concept has required a lot of work, and we are happy to do so, thanks to the help of Henri Gibier, who led this edition. "Introduced Nicolas Barre, Editor Director" He then continues with French humor "Many people tell me to dream to be a journalist, and it requires some talent ! There are hard times, but we will be with you, we are very proud and happy to share this passion of journalist here with you. "Nicolas Barre finishes by recalling the independence of the press and its freedom" It is a commitment in the sense of literature and showed to very strong with independence, the press is free in the name of Freedom of Speech, therefore, the information and verification of many sources ahem to be carefully checked up. Feel free to take sources and the complexity of our world around us at a time when social networks are more than active " Dominique Seux, meanwhile, commented also on journalism. "Journalists know a lot about little ». Hubert Reeves the famous French-Canadian astrophysicist and popularizer of science, stated : " The constellations of mega satellites begin to facilitate space exploration. and the preservation of the Earth is our mission"

### **AN AMAZING PORTFOLIO OF HOT TOPICS TO BE TACKLED BY THE "JOURNALISTS FOR A DAY"-----**

The "Journalists for a day" must respect the following rules: A size of the article (Number of limit signs), shortened working time, wanted under the conditions of the real time when it comes to the real journalists, each one can adopt his own rhythm, in duet with a journalist at Les Echos who will be his coach, providing him with advice and a job. The subject is imposed by the Echoes knowing that it is away from the field exercised by the guest "Journalist of the Day", and according to a category of themes: France (Social Week, French companies CSR), Climate Change (The advances according to COP 25 which starts on December 13, The Secretary of State of National Education and Youth, an Spokesperson of LREM, at the National Assembly, Gabriel Attal, will write an article in duet with Stephane Dupont, on the very current topic of the "social week for all the dangers for the French government. Martin Hirsch, President of APHP (Hospitals of Paris), will make the political column of the newspaper Les Echos, which will exceptionally have a special focus "Social Week that will make the UNE a lot of subjects, with an explosive situation at the RATP, the pension scheme, the GAFA taxes, the hospital strike ... "given the very peculiar and tense schedule in France, which is coming up next with the" unlimited "strike scheduled for 5 December. Augustin de Romanet, explains in a press conference, with a little humor, from the stage of the auditorium, that "To fight against global warming we must measure and act and in cities, mayors have not often the echoes they have in Paris, all the candidates of Mairie de Paris will be able to come to me to talk about their proposals in their cities, in fight against the global warming and the emissions of CO2. Orleans is the first city to use 100% electric buses This will encourage other mayors to do the same.

#### BERNARD ARNAULT CEO OF LVMH CONFESS HOW THE IDEAL CAN LEAD TO THE SUCCESS-----

Bernard Arnault, CEO of LVMH, (Les Echos- Le Parisien Journal owned by LVMH Group), is now the second richest person in the

world, according to recent Forbes estimates, and also art collector. The French luxury giant is at the head of Louis Vuitton and Moët & Chandon in particular, and weighs \$ 103.2 billion (91.7 billion euros), or \$ 76 billion more than in March, when Forbes had published his annual ranking of billionaires. Bernard Arnault was then the fourth fortune of the planet, then exceeded the threshold of 100 billion dollars for the first time in June. LVMH shares have indeed reached a record level, with 50% increase since the beginning of the year.-----

Bernard Arnault is not only a billionaire magnate, yet he is a genuine, businessman, who evolved, starting up nearly from scratch and transformed his own first business into a rich global large empire.-----

using good orientations when it comes to taking strategic moves, to get where he gets. He is a hard worker and very discreet amongst other CEOs. His participation to this exclusive number of the Journal Les Echos, LA RELEVÉ, shows how one of the most powerful global leader, his participation in this special issue of Les Echos LA RELEVÉ, denotes a part of his personality, getting him "playing the game" himself, to level the 180 Journalists and their guests to put themselves in their shoes for the time being, a unique edition.-----

He, was graduated at Ecole Polytechnique, and his father His father, Jean Leon Arnault, a graduate of Ecole Centrale Paris, was a manufacturer and the owner of the civil engineering company Ferret-Savinel. It is in this natural logic, that Bernard Arnault wrote a very confessional article about how Companies, are connected to the success of the world, and can even save it "Without companies we will not save the world" and through his writing he explains how, It is thus delivered in a very personal way, as for his own perspective of success, via entrepreneurship, guided by an ideal, at the service of society and on a larger scale at the service of the world, at the beginning of his article that "it is by the ideal that we accomplish ourselves, whatever shape he can take: beauty, justice, generosity. By ideal, and the will to reach it, we find the energy to rise above, the gravity of the constraints. It is this energy which I believe is the strongest cement that can unite us and brings together men of good will. "-----

Jacques Attali, is a French economic and social theorist, writer, political adviser, and senior civil servant, who served as a counselor to President Francois Mitterrand from 1981 to 1991 and was the first head of the European Bank For Restructuration and development in 1991-1993.
